Program Coverage Model Comparison
Healthy Connections Prime has created a document comparing coverage between the various program types that exist for the South Carolina Dual Eligible population. This document compares MMPs, Program of All Inclusive Care for the Elderly (PACE), Medicare Advantage Dual-Eligible Special Needs Plans (D-SNP), and Medicare Advantage (MA) plans in various aspects related to coverage including continuity of care, care coordination, and costs. The Coverage Model Comparison can be found in our Member and Advocate Toolkit.

MA Plan Marketing Do’s and Don’ts
In conjunction with CMS, Healthy Connections Prime has compiled a list of acceptable activities regarding health plans and their marketing activities. This list includes actions MA plan representatives (including agents and brokers) cannot take, like calling or coming to the home of Healthy Connections Prime members uninvited to sell or endorse any Medicare-related product. To learn more about member rights concerning marketing from MA plan representatives, please refer to the full list of do’s and don’ts in our Member and Advocate Toolkit.
