

CHANCE Waiver Qualified Providers and Stakeholders

Effective June 11, 2012, CHANCE waiver enrollment is open for children ages 4 to 19 who meet both the level of care for psychiatric residential treatment placement and Medicaid financial eligibility requirements. The South Carolina Department of Health and Human Service (SCDHHS) has added 100 additional slots to the waiver, increasing the total to 150 statewide. However, these additional slots are only available for enrollment of eligible children until September 30, 2012. After this date no more waiver slots will be available until further notice.

Referrals for children who would benefit from these services should be made as soon as possible and sent to:
