QTIP Moving Forward

The great things in business are never done by one person. They are done by a team of people.
~ Steve Jobs

Lynn Martin, LMSW

Active QTIP 11 Practices

- An Med Health
- Barnwell Pediatrics
- Beaufort Pediatrics
- Beaufort/Jasper/ Hampton Comp. Health
- Carolina Pediatrics (Columbia)
- Center for Pediatric Medicine
- Children's Hospital Outpatient Center
- Eastern Carolina Pediatrics Associates
- Little River Medical Center
- Medical University of South Carolina
- Palmetto Pediatrics and Adolescent Clinic
- Rock Hill Pediatrics
- Sandhill Pediatrics
- Stono Pediatrics (merged with Charlestown Pediatrics).
- The Children's Clinic (Carolina Health Care)

SC DHEC awarded CHIPRA grant 2010

24 core measures
- Peri 6 months
- HEDIS reporting
- PCMH
- MIl integration/screening

2010 2011 2012 2013 2014 2015

18 pediatric practices involved with CHIPRA QTIP grant January 2011 – February 2015

Active QTIP 11 Practices

Active QTIP 15-16 practices

2015
- All Children’s Pediatrics
- Coastal Pediatrics Associates
- Grand Strand Pediatrics and Adolescent Center
- Georgetown Pediatrics
- Hope Health Pediatrics
- Inlet Pediatrics
- Pediatric Associates of Florence

2016
- Ballentine Pediatrics
- Parkside Pediatrics
- Pelican Pediatrics
- Rock Hill Pediatrics – Fort Mill location

Welcome QTIP 17

- Charles Towne Pediatrics
- Children’s Medical Center
- Medical Park Pediatric and Adolescents
- Pediatric Associates of Greer
- Riverside Pediatrics
- Rock Hill Pediatrics

A really important part of networking is actually about what you bring to the table - not just want you get out of it.

Contribution is a big part of networking success.

~ Gina Romero

Nothing reinforces a professional relationship more than enjoying success with someone.

~ Harold Rains

**Challenge ... to continue working**

- Performing Age Appropriate Risk Assessment (61%)
- Identifying Family Strengths (60%)
- Performing Maternal Depression Screen (64%)
- Social Determinates of Health (60%)

**2016 Components:**
- Mental Health
  - Identifying resources to assist with your Social Determinates of Health
  - Reinforcement/support with screening protocols and feedback loops
  - Billing/reimbursement

**Developmental and Mental Health Screenings - all ages**

![Graph showing Medicaid Children](#)

**99420: Administration of health risk assessment instrument**

This could be used for a standardized screening tool to assess:
- trauma exposure
- update the child and family's psychosocial history
- assess post partum depression (caretaker)
- parental distress, domestic violence, parental substance abuse or mental illness, (caretaker)
- youth and family social support, grief and loss, (child)

96130 for administration of a health risk assessment for the benefit of the child.

**2016 Components:**
- QIDA/SC QIDA
  - Allows QTIP to gather standardized data
  - 4 topics areas – report 2/month using 10 charts/topic
  - SC QIDA remains open until 15th of each month
  - Practices have the freedom to select what to work on – "not practice priority" option
  - Allows practices to develop run charts and examine data and develop quality projects
  - Questions – Laura Brandon
QIDA excitement

QIDA group A
(Dec, Feb, Apr, June, Aug, and Oct)

6-9 months
- Well child visits
- Vaccinations
- Maternal depression
- Socio environmental screening
- Family strengths

Adolescents
- PCP
- Well child
- Vaccinations
- Mental Health assessments and follow-up
- Risk Assessments
- Assessment for special health care needs
- Family Strengths
- BMI

QIDA group B
(Jan, Mar, May, July, Sept, and Nov)

24 months
- Well child visit
- Risk Assessments
- Screening special Health Care Needs
- Family strengths
- Family Concerns
- Oral Health
- Social determinates of Health
- BMI

Asthma
- General Asthma Care
- PCP
- Well child visits
- BMI

"Networking that matters is helping someone else hit their goals.
- unknown"
Preventative Oral Health

- 10 of 10 (99.4%) eligible children visited a Physician
- Only 4 out of 10 (43%) eligible children visited the dental provider
- Only 5% eligible Medicaid children (0-5) received fluoride varnish by a Physician
- Only 41% of Medicaid children (0-5) received fluoride varnish from a dental provider
- Only 8% of Medicaid children seen by a physician received fluoride varnish more than 1 application in a calendar year

Impact:
- DH-HS reviewing policy about Fluoride varnishing frequency
- Physician intervention important and where children are first and most frequently seen
- Continued education is needed with physician and dental community

Mental Health

Areas of Focus/Measures
- Adolescent Health
- Children with Special Health Care Needs

Data collection
QTIP 2017 Plans

- Learning collaborative (LC) sessions/year
- Focus:
  - Adolescent Health: WCV, immunizations, chlamydia screening, BMI ...
  - Children with Special Health Care Needs
- Provide technical assistance
  - Site visits
  - Provide training on quality improvement techniques
  - Continue mental health integration efforts
  - Monthly calls
- Data Collection
  - SC QIDA

MCO Incentives and Withholds 2017

Pediatric Preventative Care
- Well-Child Visits in the first 15 months of Life (6 visits)
- Well Child Visits in the 3rd, 4th and 5th and 6th years of life
- Adolescent Well-care visits
- Weight Assessment and Counseling for Nutrition and Physical Active for children/adolescents: BMI percentile total.
